Dhul Hijjah 12-13

The day by day of Hajj is just the basics of the performance of hajj insha Allah.

We did not put every single detail of what occurs during hajj, but the basics to at least familiarize the children with some of what is done for hajj insha Allah. This is just an aid in preparing them for what they may do one day insha Allah. We did not want to overwhelm them by adding all that is in Hajj. You can easily teach them the other additional rites to hajj by visiting these sites:

[www.hajjinformation.com/flashdaybyday.htm](http://www.hajjinformation.com/flashdaybyday.htm)

[www.freewebs.com/hajjlessons/hajjrites.htm](http://www.freewebs.com/hajjlessons/hajjrites.htm)

This is only a supplemental teaching aid to be used for bulletin boards as a visual. By not adding every detail that is performed during Hajj is by no means taking from its rites as well all know all actions performed during Hajj are as equally important.

We hope you find this useful in teaching your children about Hajj, insha Allah.

If for any reason you find mistakes, typos please inform us as this project was a time sensitive one that we wanted to offer. We want you to have it to start off your lessons for Dhul Hijjah.
